REPUBLIC OF SOUTH AFRICA

ACHIEVING EXCELLENCE IN EDUCATION TOGETHER

NATIONAL CAPACITY BUILDING AND ADVOCACY WORKSHOPS

The target group for this funded project is private education, training and skills development providers who are accredited and registered (or under application for registration) with the DHET, QCTO, CHE and the various SETAs.

TOPIC: The Economic Reconstruction and Recovery Plan (ERRP) and the District Development Model (DDM) as enablers for upskilling and reskilling to meet identified workforce demands. How can the National Digital and Future Skills Plan enhance this and act as an enabler for the realisation of a Digital Economy?

Join APPETD for a full day workshop explaining the Why, What, When and How of this conundrum of strategies and plans and how you as a private provider can contribute and help identify possible opportunities.
