

# APPETD COMBINED CHAMBER

## 2022 INFORMATION PACK

ACHIEVING EXCELLENCE IN EDUCATION TOGETHER

# The APPETD Chambers

APPETD established 3 prominent chambers.

They are a network of private providers for their sector, designed to promote and protect the interests of their members. Each chamber has credible, ethical and progressive businesses that share interests and is also international in scope.

Chambers are set up as advisory and members capacity building structures to APPETD on issues of policy development and implementation in the ETD sector. They provide a platform for debates, discussions and engagements on skills development matters in education, training and development and thus enhance APPETD's mandate in the sector contributing to representation in a number of Councils, Boards, public entities and other forums.

As a benefit to all APPETD Members, access of Chambers sessions throughout 2022 is unrestricted.
